1.0 GENERAL INFORMATION

General information section explains in general terms the **EDROOTS-CRM** application overview.

1.1 APPLICATION OVERVIEW

EDROOTS-CRM is an educational consultancy application. This application mainly focus on Administration, Students details, Invoice management and Follow-ups.

2.0 SYSTEM SUMMARY

- **System configuration:** EDROOTS-CRM operates on computer device.
- **User access levels:** Registered users & Guest users.

3.0 LOGIN EDROOTS-CRM

Below is a written step-by-step guide for login EDROOTS CRM.

1. Open **EDROOTS CRM**
2. Enter **Username** and **Password**
3. Tap **Login** to open your **EDROOTS CRM**

Figure: CRM Application Login Screen

4. Dashboard will be displayed which shows the main features of the application as shown in the image.

4.0 DASHBOARD

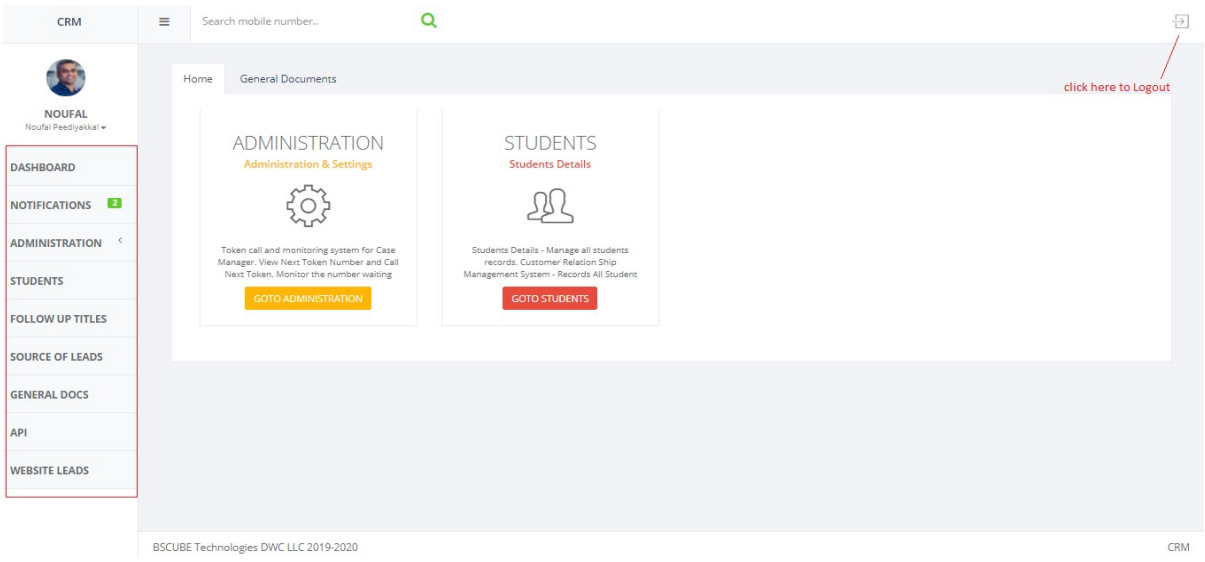

Figure: CRM Dashboard

4.1 How to open Dashboard

1. Login **EDROOTS-CRM**
2. Click on the **DASHBOARD**, it's near left corner of the page.

4.2 Home

It contains main modules of EDROOTS-CRM, that is administration, students,These modules redirected to their corresponding pages.

4.3 General Documents

This screen displays the training documents in PDF format. Clicking on each document opens it in a new tab. The documents are added using the General Document Add Screen, you can open multiple documents at a time.

5.0 NOTIFICATIONS

In this section describes about notifications. When user login, their work notifications are comes here. Each notification message contains an option to make it 'Marked As Attended' or 'Marked as Not Attended'.

For example: In the case of a counselor, when a student is assigned, the counselor will receive a notification. Clicking on the notification message will take you to the assigned student's detail screen.

5.1 How to open Notification

1. Login EDROOTS-CRM
2. Click on the NOTIFICATIONS, it's near left corner of the page.

Figure: Notification Screen

On the 'Notification' screen you will see 2 types of messages, a green colored message and a black colored message. The message color indicates whether the message is Attended or Not Attended. If the message is attended, it will be green else it black. In the notification menu you will see the count of not attended messages.

5.2 How to Attend a Message

1. Open Notification screen
2. Click ⁞ on icon, a window will show 2 options, 'Marked as Attended' and 'Marked as Not-Attended'.
3. Select 'Marked as Attended'. Then the color of the message will change to green

9.0 STUDENTS

In this students section contains a section for managing Lead, Customers, Follow-up's,My Tasks, Archived and College Data's. A lead is a student who has shown an interest in our service.

9.1 Statistics

Statistics are shown at the top of the Student screen. It is shown in 2 sections. The first section lists the Total Leads of the logged-in user and his / her subordinates for the This Week, This month, This financial year. The second section lists the Total Conversions of the logged-in user and his / her subordinates for the This Week, This month, This financial year.

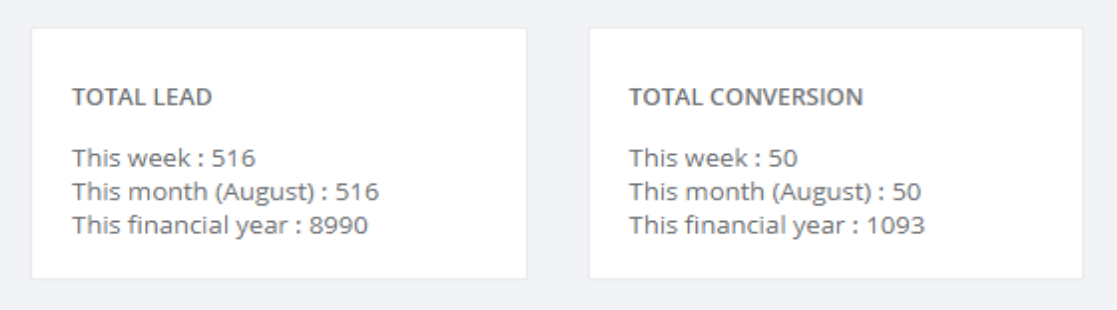

Figure: Login user's and their subordinates Statistics

When you click on any of This week or This month or This financial year, will take you to that week or month or financial years details screen, the screen displays a list of all the branches along with their total count for that period. Clicking on each branch will show the total employee list of that branch and their total count. As you click on each employee, the details of the lead generated by that employee during that period will be displayed within a grid at the bottom of the name. The highest converters or lead branch will open when the screen is opened by default.

In This Week Leads Statistics Details Screen, Kochi is the highest lead generated branch, total 212 leads are generated in this week. I have opened the Kanhangad branch, This branch generated a total of 5 leads this week. Athira Ashok has generated 3 leads, and clicking on the name (Athira Ashok) will show the details of those 3 leads within a grid.

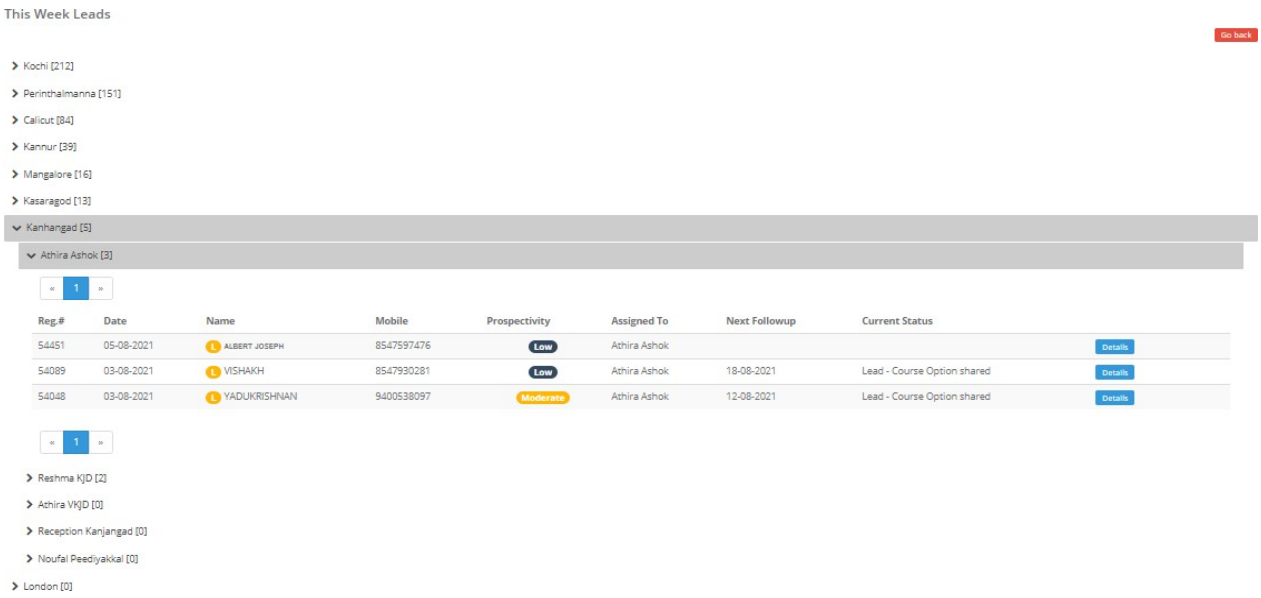

Figure: This Week Leads Statistics Details Screen

9.2 ALL, Leads and Customer
